Flight back to own destination.

#### **GENERAL NOTES**

The program is very well experienced: 5 legs in 5 days, 10,13,9,10,21 Km to be ran along the beautiful trails and small roads of Formentera. The total distance is 63 km with a full rest day in the mid of the week. Some new features in the legs made the race even more appealing. Limited number.

The Race

##### **Number max 150 runners**

**2 categories** getting the same services are possible:

- **Running:** Competitive category with official timing AND ranking.

- **Nordic Walking and Walkers:** Non-competitive categories with official timing, but NO ranking.

For both categories the legs will be the same; Nordic Walking and Walkers will have the start anticipated by 30 minutes.

On the half marathon day for Nordic Walking and Walkers the total distance will be reduced from 21 to 10 km.

The start will be from Riu La Mola hotel at 9.30 AM, to say 30 minutes after the runners' start, while finish line will be the same for all the participants.

For taking part in the walk is mandatory to register in the NW or Walkers category, to show a simple medical certificate without cardiac stress test. No one (friends, wife/husband, etc.) will be admitted in the group without official registration.

Both categories will wear bib number and microchip and will receive full assistance throughout the race.

MANDATORY for all the runner who'll take part in the Formentera Trail 21.1 on Saturday, is running with at least a 0.5 l. water bottle (hipbelt, camelbak or others).

#### **LEG DESCRIPTION**

##### **Leg 1 - 9,2 km Hotel Riu la Mola - Hotel Riu la Mola**

Start from the hotel

The itinerary runs along the shore, alternatively on sandy and hard jagged sections and partially on the wooden gangways stretching along the beaches. In the inland the run is on white roads.

##### **Leg 2 - 7,8 km Cap de Barbaria Lighthouse - Cap de Barbaria Lighthouse**

Start and finish at the lighthouse, in the most beautiful and unspoiled part of the island. Mixed itinerary with minor tar sections and white roads. A short but cool leg. Climb 122 m.

##### **Leg 3 - 12,2 km Cala Saona - Cala Saona**

20 km transfer from Riu La Mola hotel, start close to the Cala Saona hotel.

Run along gravel roads to the cliffs of Punta Negra; here the rocky terrain is very jagged. Climb: 160 m.

##### **Leg 4 - 8 km Savina - Playa de ses Illetes - Savina**

11 km transfer from Riu La Mola hotel.

Starting near La Savina harbour, the itinerary follows a gravel road in the Saline park area; after this, a 2 km stretch on the East beach, takes, after a short inner section, to the West beach, where the finish line is. Climb 70 m.

##### **Leg 5 - km 21 The last leg is the "Formentera Trail 21.1"**

A trail running half marathon. This leg will also be a single race with a separate rank for the runners who registered only in the Trail 21.1. The Formentera To Run participants will be ranked both in the general and in the 21.1 ranks.

The itinerary starts from and finishes at La Mola lighthouse, 5 km from Riu La Mola hotel. The trail takes on gravel roads located in the upper part of the island, the La Mola area; then the runners go downhill to the Mitjorn beach via the "Stufador" trail and go back up via the "Roman" trail. It's generally a demanding trail, due to the very jagged mixed terrain in some sections and to the total climb of 420 m. Waterpoints at 6, 11 and 17 km, besides the final one. At the finish line, free pasta party for all the runners.

It's HIGHLY RECOMMENDED for all the runners to run with at least a 0.5 l. water bottle (hipbelt, camelbak or others): in case of high temperatures the three waterpoints could be unfit to offer the necessary rehydration.

#### **NOTE:**

Prior to the start, the Walkers need to arrange their own vehicles by the lighthouse parking lot for the transfer back to their respective hotels after the race is finished.

The total distance is about 60 km, to be ran in 5 days with a rest day on Friday. The itinerary is almost entirely off road and well-marked. Waterpoints are arranged only at the finish line, except for the 3rd leg (12,2 km), where a halfway waterpoint will be arranged and for the 5th leg (21.1 Formentera Trail), where 3 waterpoints will be organized.

#### **Transportation**

For all the packages a scooter every 2 people is included - all the scooters can carry 2 people. These vehicles are the best solution for moving on Formentera roads, not very big and with a few parking spots in the areas of interest.

It is also possible to have the scooter for individual use, or choose to rent a car (paying an extra fee).

Both for scooter and car pick up, it's mandatory to bear and show a regular driving license.

### **Place**

A wonderful holiday made of sea, sport and nature in the last paradise of the Mediterranean sea, Formentera, in the Balearic Islands.

The program is very well experienced: one week of relax and sport, with 5 running days in the most beautiful spots of the island.

### **Accommodations**

Different options for this edition:

### **ACCOMMODATION PACKAGES**

#### **OPTION 1**

##### **Riu La Mola Hotel, 4 star hotel in Mitjorn Beach.**
